Experiment 13: Mobile Communication vs Mobile Computing

Aim: To design an infographic comparing mobile communication and mobile computing using Figma.

Procedure:

1. Open Figma and create a new design file.
2. Create a frame divided into two sections.
3. Label the first section as Mobile Communication.
4. Label the second section as Mobile Computing.
5. Add definitions, technologies, devices, and applications for each section.
6. Include examples, similarities, and differences using icons and text.
7. Apply suitable colors and arrange the information in a clear comparison layout.

Output:
